### Hebe Little Red Rum

Breeder: Tully Nurseries, Dublin, Ireland  
Protection status: EU PVR applied for number 20100364 (Hebe TULLYLRR)  
The breeder's rights are asserted worldwide.

#### Characteristics:

Little Red Rum is an excellent new Hebe hybrid from a controlled breeding programme at one of Europe's leading Hebe specialists. It has small deep green leaves with burgundy young foliage. Short racemes of lilac purple flowers are produced from June to September.

Little Red Rum will be popular as an impulse plant for sale both as a foliage specimen or when in flower. It is, in essence, a smaller version of the popular variety Red Rum.

Hardiness: has survived frost to -6 Celsius in trials. Drought resistant.

Bloom: lilac purple flowers from June to September.

Foliage: small pointed green leaves with red margins and centre. Burgundy young foliage.

Habit: neat, compact. 40cm high when mature.

Propagation: cuttings. **Note: a licence is required for propagation.**

Culture: full sun or light shade, any good well-drained soil.

#### Additional information:

Hebe Little Red Rum is from an established Hebe development programme based in Ireland, selected by an experienced grower.

It will make excellent impulse sales in finished containers from 13cm.

Executive Director: Graham Spencer DipM MCIM  
Registered at Cardiff, number 4664540. VAT registration number: GB 944 7222 17  
Registered office: 74-76 Aldwick Road, Bognor Regis, West Sussex, England PO21 2PE  
All correspondence should be sent to the address at the head of this page.

Licence required for propagation.  
Contact Plants For Europe Limited  
for details.

Note: the inclusion of any plant in PFE's  
portfolio listing is not an offer for sale of  
that plant, and is merely intended to  
create interest in licences for propagation.  
In every case, the breeder's rights are  
preserved, and the breeder retains all  
rights in the intellectual property in that  
plant.
