Solidago Little Lemon

Breeder: Gabriel Danziger

Protection status: The breeder's proprietary rights are asserted.

EU: PVR granted EU26456

US: Plant Patent granted #PP17297

Characteristics:

Little Lemon is the most compact variety of Solidago currently available – an example that shows that good new compact varieties come from good breeding. It produces naturally compact and well-branched plants without pinching or growth regulators.

Solidago Little Lemon is a great plant for late summer and autumn colour, producing dense racemes of lemon yellow flowers. It also makes an excellent cut flower. It is happy in most soils in a sunny position.

Hardiness: USDA zones 5 (minimum temperature -25 Celsius) – to be confirmed by trials.

Bloom: racemes of lemon yellow flowers. July to September.

Foliage: typical mid green foliage.

Habit: upright and naturally compact and branching. 30cm when in flower.

Propagation: cuttings. **Note: a licence is required for propagation.**

Culture: sunny position, any good soil.

Additional information:

Solidago Little Lemon can be finished in pot sizes from 11cm to 2 litre for late summer and autumn impulse sales.

Executive Director: Graham Spencer DipM MCIM

Registered at Cardiff, number 4664540

Registered office: 74-76 Aldwick Road, Bognor Regis, West Sussex, England PO21 2PE

Solidago Little Lemon

Licence required for propagation. Contact Plants For Europe Limited for details.

Note: the inclusion of any plant in PFE's portfolio listing is not an offer for sale of that plant, and is merely intended to create interest in licences for propagation. In every case, the breeder's rights are preserved, and the breeder retains all rights in the intellectual property in that plant.
