

Yucca gloriosa Walberton's® **Bright Star**

BRIGHT GOLDENYELLOW LEAVES

Origin: bred in the UK

Protection status: EU PVR granted EU27881

EU trademark E733196

Variety name: Yucca gloriosa WALBRISTAR

Benefits of this variety:

- Splendid new Yucca selection with broad leaves with bright gold bands along each side.
- Makes a tight rosette that is instantly eye-catching, particularly in premium containers.
- Brighter than other varieties with a greater proportion of the leaf coloured gold. Develops pink colouring in cool temperatures.
- **Best New Plant IPM Essen 2009**
- **5 star review Which? Gardening**

Characteristics:

- Bloom: white flowers on mature plants.
- Foliage: tight rosette of bright golden yellow leaves with a mid-green central stripe. The leaves develop a pink tint in cool conditions. Each leaf has a sharp point at the tip.
- Habit: compact upright rosette
