

Lavandula x intermedia **Olympia**

STUNNING FLOWER COLOUR

Origin: bred in the UK

Protection status:

EU and UK PVR granted

Variety names:

Lavandula x intermedia DOWNOLY

Benefits of this variety:

- Selected by a leading British Lavandula expert and nurseryman.
- More compact habit giving dense and visually impressive plants—typically 20cm shorter than existing varieties.
- Amazing very rich violet flower colour.
- Stunning deep purple calyces.
- Strongly aromatic.
- Great for summer promotions as they flower at the same time as late L. angustifolia types.

Characteristics:

- Height: 50cm
- Flowering time: June onwards.
- Bloom: rich violet flower in purple calyces.
- Habit: compact, dome shaped habit.
- Foliage: grey-green, strongly-scented.
