

Salvia

Love and Wishes

STRIKING CLARET COLOUR!

Origin: bred in Australia

Protection status:

EU and UK PVR granted

Variety name: Salvia SERENDIP6

Benefits of this variety:

- Perfect partner for Salvia Wendy's Wish and Ember's Wish!
- Striking colour—claret-wine red flowers with dark plum calyces.
- Makes a stunning plant for larger containers.
- Responds well to pinching when young to make a bushy plant with many stems of flowers - from early summer until autumn - it never stops!
- **Third place RHS Chelsea Flower Show 2015 new plant competition**
- **Winner Best In Show and Visitor Vote, HTA National Plant Show 2015**

Characteristics:

- Height: 80cm when mature.
- Width: 80cm when mature.
- Flowering time: June to October.
- Foliage: mid to deep green. Dark stems.
- Habit: bushy, vigorous.
- Culture: full sun, well-drained soil.
